

# Here's a Word to Men Who Are Usually Not Interested In "Sales"—but who are not averse to making their money do double service

We know that many men are not interested in the average sale further than that it draws a crowd and creates a lot of buying in a short space of time.

The labels of the various brands noted at the right—brands with which every man is familiar—are attached to the garments from which you can choose. Your ability to choose high grade, first class goods depends merely on your decision as to patterns and choice of cut. The clothing in this salvage sale that which would have been sold in the regular way in our big store had not fire destroyed our building.

But every man is interested in saving money in these times, particularly when the savings are so apparent on merchandise that is familiar and whose prices are absolutely standard.

## Every Man Knows These World Famous Brands

## OLD TIMER IN TOPEKA

Charles B. Hanford First Appeared Here 33 Years Ago.

It was in 1882 when Charles B. Hanford first played in Topeka in a Shakespearean role. And all this week, that veteran actor is giving an

Charles B. Hanford, the famous actor, whose first appearance in Topeka was 33 years ago.

interesting lecture in conjunction with the moving pictures of Captain Scott's successful, yet ill-fated expedition to the South Pole.

"I played here in my first season on the stage," said Mr. Hanford today. "My first engagement here was

## DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid.

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts, put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.—Adv.

## WHEAT IS KING

Years 1913 and 1914 the Richest in Kansas History.

Farm Products Five Million Ahead of Any Like Period.

The nineteenth biennial report of the Kansas state board of agriculture covering the years 1913 and 1914 has been made by J. C. Mohler, secretary of the board. The report shows that the period was the richest in the history of the state, farm products amounting to \$618,000,000, or more than five million dollars in excess of the preceding biennium.

The report in part says:

The value of the wheat crop of Kansas in 1914, as officially given in this volume is far below what it actually brought to the growers. The value is made in November, and that value since have substantially increased, owing jointly to the world's shortage of wheat and to the eager demands of the warring European nations for supplies. The value per bushel credited on the whole crop is the average received up to that time, or \$2.78 cents.

When threshing began, in July, the price of wheat at local markets was in the neighborhood of 60 cents a bushel; in November, at the date of reporting, 85 to 98 cents. The value taken into account that 44 per cent (79,616,000 bushels) of the crop was still in the growers' hands in November and that Kansas for some weeks have been receiving \$1.10 to \$1.15 a bushel for wheat, it is readily seen that the income has greatly exceeded the official appraisement of last fall.

Several other crops have materially increased in value, but wheat stands forth among the year's productions in its aggregate worth. To gain some conception of how the

"Help Wanted" plays a final engagement tonight. It amused large audiences yesterday.

At the Crystal.

"Mavis of the Glen" in three parts, the first production starring little Miss Ella Hall and big Bob Leonard since "The Master Key," was shown to capacity business at this house last evening. The work of this famous pair is up to its usual high standard and the story told is interesting throughout. Also on the program is the chain episode of "Exploits of Elaine," in two parts, a thriller from start to finish. Each episode of this serial is complete in itself, but the story ends with episode No. 14 next week. This program will be repeated tonight for the last time.

At the Novelty.

For the last half of the week at the Novelty theater, beginning tonight, Besse Dainty will offer one of her biggest successes, a comedy-drama entitled "The Light House by the Sea." The play is notable for cleverly drawn characters, big emotional situations, and quaint comedy. It will play until and including Saturday night with matinees tomorrow and Saturday afternoons.

Orpheum Surprise.

The Orpheum management has planned a pleasant surprise for the ladies who attend the Friday matinee. The fifty who are the first to be admitted are promised gifts well worth the wait. The gifts will be distributed at 2:15 o'clock next Thursday afternoon, in front of the Brunt drug store at Fifth and Kansas avenue. It is expected that at least fifty automobiles will be in line. The procession will make the run to the ball park where a section of the grandstand will be reserved for the Rotarians and their ladies. The picnic that was scheduled to be held prior to the parade at the ball park has been called off.

There will be a regular meeting of the club Wednesday noon. C. E. Eldridge will read a paper on "Fire Insurance Inspection."

Baseball Procession Will Move to League Park Thursday Afternoon.

Announcement was made today that the Rotary club baseball parade will form at 2:15 o'clock next Thursday afternoon, in front of the Brunt drug store at Fifth and Kansas avenue. It is expected that at least fifty automobiles will be in line. The procession will make the run to the ball park where a section of the grandstand will be reserved for the Rotarians and their ladies. The picnic that was scheduled to be held prior to the parade at the ball park has been called off.

There will be a regular meeting of the club Wednesday noon. C. E. Eldridge will read a paper on "Fire Insurance Inspection."

## HIS PAY IS STOPPED

Chester Arthur No Longer Is Employed by the City.

Chester B. Arthur, motorcycle policeman, is no longer on the city payroll. Today was pay day for city employees. When Mrs. Elizabeth Barr Arthur learned there was no check waiting for her husband, she called on Mayor House, and was informed that he had been dropped from the payroll nearly two weeks ago. He made no secret of his good character, but apparently Arthur was not informed.

Arthur has had a rather unique career as a motorcycle policeman. He worked in this capacity just one day, and which have prevented him from doing any work. Although he has not been working all these months, he not only has been drawing pay from the city, but his salary has twice been increased, he having received the benefit of the state law which fixes the salaries of police officers. He began under the third class classification, which provides compensation of \$55 a month. After three months' service, which in Arthur's case consisted in merely receiving for his check the pay was increased to \$65 per month. He was advanced to the first class, after being in the second class three months, and has been getting \$75 a month.

## BRIBE IN CARMAN CASE

Negro Maid Says She Was "Approached" by Detective.

Minneapolis, May 6.—Celia Coleman, the negro maid, who is the chief witness for the state in the trial of Mrs. Conklin Carman, charged with the murder of Mrs. Louise D. Bailey, caused a sensation on re-direct examination today by testifying that a negro detective named George Hicks had endeavored to induce her to change her story of the murder and told her that if she would do so Mrs. Carman would pay her \$300.

"Hicks came to Charleston, S. C., where I was spending the winter," said the witness, "and told me Mrs. Carman would give me \$300 if I would change my story."

Mrs. Carman's attorney objected to the admission of the testimony, but was overruled on his admission that Hicks was connected with the defense. Mrs. Carman evidenced considerable agitation during her former maid's testimony.

This action came in response to an injunction granted by Judge Littlepage at Charleston on the application of A. A. Lilly, attorney general. It will hold until the litigation between the railroad and the public-service commission has been disposed of in the supreme court.

Want Yellow Band Ordinance.

Newark, N. J., May 6.—All children who have whooping cough hereafter wear a yellow band on their left sleeve. The board of health adopted the regulation today. It remains for the city council to pass an ordinance.

## MODCOS TO SING.

They Will Be Heard in the Casino at Garfield Park.

Patrons of Garfield park will enjoy a real treat the first three nights that the park is open this season when the famous Modoc club, which was recently reorganized, will hold concerts May 18, 19 and 20.

The club was organized in 1879 by the late Major T. J. Anderson and is known from coast to coast. When the death of the organizer occurred a few years ago interest in the club was allowed to die down by professional men of whom it was composed. It was recently reorganized by Dr. J. H. Solecki, a Topeka dentist and one of the older members.

Combined with the chorus of fifty male voices, vaudeville stunts and instrumental numbers will be included on the club's program. Special scenery depicting a roof garden on Broadway has been obtained for the three performances. Officers of the club are: L. M. Wood, president; F. A. Stevens, secretary, and Harry Goodrich, business manager.

## TOPEKA DRUGGIST PLEASES CUSTOMERS

George W. Stansfield, druggist, 652 Kansas avenue, reports customers greatly pleased with the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. This simple remedy drains the old foul matter from the bowels so THOROUGH that ONE SPOONFUL relieves almost ANY CASE of constipation, few years ago interest in the club was allowed to die down by professional men of whom it was composed. It was recently reorganized by Dr. J. H. Solecki, a Topeka dentist and one of the older members.

Combined with the chorus of fifty male voices, vaudeville stunts and instrumental numbers will be included on the club's program.
